PRESIDENT PIECE

★ Not a lot to say this month. EOS is back - please be careful with the new starter, read instructions above ignition key.

LJW is still grounded due to mag switch problems. Hopefully the weather will improve shortly so we can get some competitions underway.

Oh so you are all aware, the Hawera Aero Club has, in the past, always paid for members BFR as they always were completed in one hour flying time, now however they can take several hours to complete so the Hawera Aero Club will continue to contribute one hour flying time to the BFR but the remaining cost will be at your own expense.

Keep it safe, Rod.

INSTRUCTOR INSIGHT

Hi guys,

At the moment we're still one plane short with the Tecnam U/S due to an ignition switch fault which is being fixed as this goes to print, however both UNB and EOS are fully operational. Those of you still with BFR's or type ratings to be finished don't delay get on the phone and book some time to finish them.

From time to time the aircraft need to be ferried to Wanganui for maintenance. Thank you to those who have helped out with this task as I know it can be a big ask to get time off from work and family to do this. If you are interested in or can be available to help out with this please let me know as it would be much appreciated. It's free flying so make the most of it.

Lastly I would like to say good effort to all on the use of the authorisation system, it is a requirement, and it's good to see people carrying it out.

Safe flying guys, see you all at the club

Cheers

Julian

CLUB CAPTAIN CORNER

Well, with the weather being what it has been, October was a quiet month for flying.

Not a lot to report: EOS is back in full operation and running extremely well. Engine performance is noticeably better.

A reminder to club members when emailing the club to use the @HaweraAeroClub.org.nz addresses e.g secretary@HaweraAeroClub.org.nz for Doug etc Most people have been doing this for the last year or so, but shortly we will stop using the Xtra account.

NZ Masters Games for ages 30+, Wanganui & NZ Pilot Expo, Ardmore. Reminding anyone who is interested in attending either of the above, there are lists in the club office. Safe flying everyone

Jacob ClubCaptain@HaweraAeroClub.org.nz

WHAT'S BEEN HAPPENING???

Well not a lot mainly due to the weather which, hopefully will now start to come right, we can live in hope anyway! The decision was made to replace the awib instead of persevering with trying to have it fixed. And sorry but still no word on when the next Scot Trophy will be held.

WHAT'S COMING UP????

A CHANGE in the newsletter, from the December Issue the newsletter will be emailed to everyone with hard copies being available at the club.

So please get your email addresses to Doug if you have not already given those contact details to him.
